Miller, Miller & Canby Condemnation Attorney, Joseph (Joe) Suntum, has been elected Board Chair of the Owners' Counsel of America (OCA) Board of Directors.

The OCA is a network of highly-skilled eminent domain attorneys dedicated to defending the rights of private property owners across the country. OCA condemnation attorneys represent landowners in cases against local and state governments, the federal government, transportation departments, utilities, energy companies, redevelopment authorities, and other agencies.

The eminent domain attorneys affiliated with OCA have experience representing landowners - including owners of homes, commercial buildings, undeveloped land and industrial real estate -- in eminent domain, inverse condemnation, regulatory takings claims, property rights litigation, and complex real estate valuation matters.

*"I am honored by the Board's trust and look forward to working with the Board...to continue moving OCA forward and building upon the foundation of our predecessors. With everyone's support we will continue OCA's growth and stature as a strong voice for private property rights and an invaluable supporting organization for all our members,"*said Mr. Suntum.

OCA member attorneys are advocates for property owners across the country. Membership is selectively restricted to one member attorney from each state. Mr. Suntum is the member attorney for the state of Maryland.
