The Maryland DC Wireless Association's Eleventh Annual Golf Tournament took place on September 19, 2019 at the Whiskey Creek Golf Club in Ijamsville, Maryland. It brought together members of the association, as well as friends, colleagues and community members for a relaxing day of golf in support of various worthy charities. MDDCWA is donating over \$40,000 to charity with 50% of

proceeds going to the Tower Family Foundation and 50% to local charities. [Click here](#) to view a YouTube video of the event.

Miller, Miller & Canby's **Sean Hughes** serves on the board for the Maryland DC Wireless Association and, along with other board members, is involved in testifying and providing key insight for policymakers concerning wireless legislative issues and amendments on the local, state and even federal level, as well as raising funds for charitable causes through events like its annual golf event.

Each board member is able to direct a portion of the proceeds to a local charitable organization. Miller, Miller & Canby has directed their portion to **Hopecam**. Hopecam is a local charity that helps kids with cancer overcome the social isolation of cancer treatment by connecting with their friends and classmates through technology.

Sean Hughes is a telecommunications attorney in Miller, Miller & Canby's Land Use practice group. His career spans more than two decades of focus in legal and wireless telecommunications.
