Miller, Miller & Canby litigation attorneys Donna McBride and Callie Carnemark have obtained a jury verdict on behalf of their client, a medical practice, with offices in Montgomery and Howard Counties. An employee of the practice, who worked as the office administrator, was charged with embezzling funds in excess of \$900,000 over the course of several years. After a 6-day jury trial, the jury returned a verdict in favor of the practice which represented almost the entirety of the damages presented to the jury. Through skilled direct and cross-examination, both attorneys worked to seamlessly present the evidence in a manner that was efficient, captivating and highly effective. The defendant will face a criminal trial in April.

*“We are delighted with this outcome, and we are pleased that the defendant was held accountable”* said Donna McBride.
